

# **Tennessee Family, Career and Community Leaders of America**

## **STATE GOALS**

### **2006-2007**

#### **Turn Up the Membership!**

The Executive Council encourages chapters to increase membership in FCCLA. Tennessee is sixth in membership nationally, and we want to make it into the Top 5! **Chapters that increase membership by the following numbers will be recognized at State Leadership Meeting.**

Bronze Chapters: Increase membership by 5 to 14 members

Silver Chapters: Increase membership by 15 to 24 members

Gold Chapters: Increase membership by 25 or more members

#### **Boys, Make Some Noise!**

Our officers need your help increasing awareness of FACS education and FCCLA among the boys in your school. **Chapters that increase male membership by at least five members will be recognized at the State Leadership Meeting.** The chapter with the largest increase in male membership will receive a special award.

#### **Middle Schools, Tune In!**

As of May 2006 there were 6 nationally affiliated middle school chapters with 2,437 members in Tennessee. The Executive Council wants to add to that number in the 2006-2007 school year! We encourage middle school chapters to tune in to activities such as district, state and national STAR Events and state and national meetings.

#### **The Extraordinary Power of Reading**

The Governor's Books from Birth Foundation has made Dolly Parton's Imagination Library a statewide program for every child under age five and has a recognition program called the League of Extraordinary Teens. **Chapters with members who complete all requirements to join the League of Extraordinary Teens will be recognized at State Leadership Meeting.** The chapter with the highest number of Extraordinary Teens will receive special recognition. Visit [www.governorsfoundation.org](http://www.governorsfoundation.org) and click on "Extraordinary Teens." We also **encourage members to donate their time by reading to children in their schools and communities.**

#### **Relay for Life**

This is the second year of national FCCLA's two-year partnership with Relay for Life, an event designed to celebrate survivorship and raise money for research and programs of the American Cancer Society. **All participating chapters will be recognized at State Leadership Meeting** and the chapter that collects the most money by March 15, 2007 will receive a special award. Visit [www.fcclainc.org](http://www.fcclainc.org) to register your chapter for a Relay for Life event.

#### **Take Leadership to the Next Level: Be a State Officer!**

The Executive Council wants to see more members take leadership to the next level by running for state office! Members are encouraged to e-mail, call or write any of our state officers for more information, and advisers can contact a state officer adviser for more information on the adviser's role.
